

Battery Code

580.103.072

B822C

N. 4 Hold Downs (B3 scheme)

BATTERY: maintenance free realized with high corrosion resistance Tin-Calcium Lead Alloys (PbCaSn)

MATERIAL: box and lid in polypropylene copolymer

COLOUR: box = Black

COLOUR: lid = Black

PLATES: enveloped with polyethylene separators

WEIGHT: wet battery, approx. **Kg. 19,6**

SULPHURIC ACID DENSITY: 1,28 +/-0,01

Approx. = **Lt 4,06**

ALL VALUES are referred to the temperature of **25°**

Remarks:

Wet Battery
