

Battery Code

610.057.085

B484C

Hold-down Type = B13
Lid Type = ETN Kamina "SL"

BATTERY: maintenance free realized with expanded Grids and Tin-Calcium Lead Alloys.

MATERIAL : box and lid in polypropylene copolymer

COLOUR : box = **Black**

COLOUR : lid = **Black**

PLATES : enveloped with polyethylene separators (glued on lugs at the top).

WEIGHT : Dry battery, approx. **Kg. 18,8**

WEIGHT : Wet battery, approx. **Kg. 26,4**

SULPHURIC ACID DENSITY : **1,28 +/-0,01**

Approx. = **Lt 5,70**

ALL VALUES are referred to the temperature of **25°**

Remarks:

Wet Battery
